What is Happening?

A flash of fire works in the sky! We celebrate the Fourth of July. It's summer, everyday is hot, cool drinks and shade we all need a lot.

During July we will be spending some classroom time outside. For example story time on a blanket would be the perfect day, and also it may help remember to bring a book from home to share. We will also be making snow cones for our circus week.

Reminders:

Please remember to check your child folder each night for artwork and important papers from the office.
